

# Top Boy

Eric Reprid

Said these bitches better talk nice to me or I walk out  
Done with chasin' broads that don't ever show me love now  
Bitch you dumb as fuck if you not fuckin' with me right now  
Tell it to me straight I don't wanna waste my time now  
Moon walkin' on these ho like they Billie Jean  
Feel like Mosey when I go they all notice me  
Make decisions on my life I'm just tryna eat  
Treat that fork in the road like some cutlery

I been feelin' like I'm the top boy  
Spit that good flame she like you a hot boy  
Tell 'em look alive cause I'm on the block boy  
Said 7 on 7 I don't stop I drop more  
I been feelin' like I'm the top boy  
Spit that good flame she like you a hot boy  
Tell 'em look alive cause I'm on the block boy  
Said 7 on 7 I don't stop I drop more

Cold winter turned me into a monster  
Never had nobody so lil' shorty I don't want ya  
I've been good for 21 years by my lonely  
Used to sip the juice and fade away like I'm Kobe  
Told her ho don't play me  
Know that you was never there it was me and wavy  
I told my father told my mama this would go and pay me  
So if you think I give a fuck then you fuckin' crazy  
Who the fuck is you  
Saucin' up that attitude  
I might make some bloody shoes  
Stompin out yo fuckin' tooth  
Workin' while they hit the snooze  
Drop like this can't ever lose  
Told them I'ma get it soon  
Bitch I only speak the truth

I been feelin' like I'm the top boy  
Spit that good flame she like you a hot boy  
Tell 'em look alive cause I'm on the block boy  
Said 7 on 7 I don't stop I drop more  
I been feelin' like I'm the top boy  
Spit that good flame she like you a hot boy  
Tell 'em look alive cause I'm on the block boy  
Said 7 on 7 I don't stop I drop more

I been feelin' like I'm the top boy  
Spit that good flame she like you a hot boy  
7 on 7 I don't stop stop stop  
I don't want ya  
I don't need ya  
I don't stop no  
I don't stop no  
I don't know ya  
Oo oo oo oo  
I'ma I'ma top boy  
I'ma hot boy  
I don't flop boy  
I got shocks boy

I gotta rock boy
