

# Yellow Diablo

Eric Reprid

It's the  
Yellow diablo  
Cooler than Gelatos  
Slide into that bitch and show her how to sing legato  
Chefin' waffles like I'm Rosco's  
Go and tell that ho to vamos  
I'm out my shell curvin' 'round the beef just like some tacos  
I got problems uh  
All of em are bottled up  
Left me hollow so I burn my halo but won't pick up all that angel dust  
Fuck that shit too dangerous  
Icin' on the fingertips  
Takin' all these hits but someone teach em how to take a hint  
Reekin' go and take a rinse  
Fuck it just go learn to swim  
Larry drowned fishin' I'm just waitin' till he born again  
I might need to mourn again  
Weepin' in the mornin' then  
Cleanin' up the floors and walkin' slowly 'cause that bitch be wet  
Left me vexed  
Miss me with that fuckin' text  
All I do is fuck and text  
I don't know what's fuckin' next  
Maybe be a fuckin' vet  
Treat you like my fuckin' pet  
Fuck it all I fuckin' know is you can kiss my fuckin' ass you fuckin' bitch

Said everybody got dead idols  
Said everybody got dead idols  
Said everybody got dead idols  
Said everybody got dead idols

My mind is racin' so I'm fuckin' ragin'  
I drank liquor with some soda don't know what I'm chasin'  
Life on pause losin' purpose what the fuck is "made it"  
Make myself a star, I know he farther with the constellations  
I'm out the underworld but death is still new to me  
A bunch of stupid goons doin' mutiny  
Booted out them schools to go and kill the game brutally  
Medusa how they ruthless with the stares but that's 'cause we do this beauti  
fully  
Fluency  
All I'm really chasin' in this life of mine  
The currency ain't nothin' if you currently can't speak yo mind  
I'm cuttin' all the ties  
'Cause I don't fuckin' need em  
Miss a piece but still complete like the Colosseum  
When in Rome you know, I'll have my gold on me  
Flexin'  
It's workin' out now they know about me  
Stressin'  
The word spreadin' like they told on me  
Guessin'  
I should stay up on my fuckin' Ghandi
