

Young

Eric Reprid

I got
Somethin' smooth in my cup yeah
Eye drops
For when they go take a puff yeah
I don't
Think you 'bout to call my bluff oh
I don't
Think I went and had enough

And I ain't found euphoria
Hold my hand I'm the man when she pour it up
Gettin' bands be plan when we growin' up
Understand I'm a Stan when it comes to her

Cause I'm young
Why they tryna hate on havin' fun I'm just young
It's my intuition blur my vision cause it's fun
Tuesday night I'm drunk as fuck and laughin' cause I'm young
They so fuckin' salty that I'm out here gettin' dumb
Cause I'm young
I don't see a single fuckin' problem when I'm numb
They don't wanna start no fuckin' problems when I'm on
Gon be here a while cause a mofucka young

She on me
Know I'm 'bout my cheese yeah
Liquor by my feet
I'm too young to rest in peace yeah
Demons on my body ah
Keep my bros around me yeah
My mind be too crowded
Fuck your wishes I need balance
Sippin' lovely
These days gettin' cold
Know she want me
It's never gettin' old
I wanna get in her jeans
I wanna stack up my green
I get it by any means

Cause I'm young
Why they tryna hate on havin' fun I'm just young
It's my intuition blur my vision cause it's fun
Tuesday night I'm drunk as fuck and laughin' cause I'm young
They so fuckin' salty that I'm out here gettin' dumb
Cause I'm young
I don't see a single fuckin' problem when I'm numb
They don't wanna start no fuckin' problems when I'm on
Gon be here a while cause a mofucka young

Take her like DMT
I slide in like DVD yeah
They ain't ever fuck with me
Now they come 'round bitch fuck yo peace
OCD like whiskey neat
Lord these snakes too close to me yeah
6 G's all I need

Can you grant my wish to me?
Itch in my hand
Makin' demands
I don't need a lot to go do my dance
I don't need a lot to see through they mans
I might need a lot to get in my trance yeah
She gon follow trends
Kissin' up on her friends
She look like the ex so I relive my past

And I ain't found euphoria
Hold my hand I'm the man when she pour it up
Gettin' bands be plan when we growin' up
Understand I'm a Stan when it comes to her

Cause I'm young
Why they tryna hate on havin' fun I'm just young
It's my intuition blur my vision cause it's fun
Tuesday night I'm drunk as fuck and laughin' cause I'm young
They so fuckin' salty that I'm out here gettin' dumb
Cause I'm young
I don't see a single fuckin' problem when I'm numb
They don't wanna start no fuckin' problems when I'm on
Gon be here a while cause a mofucka young
