

# Feel Alive

Eric Saade

I'm looking back, back in time  
Wanna press delete  
Don't wanna drown in the past  
It was way too deep  
I've been running 'round in circles  
Oh yeah

I wanna change how I live  
Add a puzzle piece  
Feet on the ground  
I'ma try to be the best of me  
Ha  
But nobody's life is perfect  
Oh no

If I had the chance I'd press rewind  
If I had the chance I'd make things right  
There's no machines to change the time  
Still we try  
Still we try  
To feel alive  
To feel alive  
Feel alive

I'm setting stones to rebuilt  
What is left of me  
I see the signs  
On the road to my destiny  
Ha  
Sick of running 'round in circles  
A ah, yeah

I'm gonna start  
Dropin' some old melodies  
That's all I need  
I think I found my remedy  
Ha  
I never tried to be mister perfect  
Oh no

If I had the chance I'd press rewind  
If I had the chance I'd make things right  
There's no machines to change the time  
Still we try  
Still we try  
To feel alive  
To feel alive  
Feel alive  
Feel alive

If I had the chance I'd press rewind  
If I had the chance I'd make things right  
There's no machines to change the time  
Still we try  
Still we try  
To feel alive  
To feel alive

To feel alive  
To feel alive  
Feel alive
