

# Fingerprints

Eric Saade

You've gone insane, sister  
You're like a shape shifter  
And I don't like it at all  
Can't see the fuss  
But I guess it's too much  
'Cause I can see your colors will fall

You did this on your own  
Not who I used to know  
You need to turn it around  
Put yourself on display  
I like you more that way  
Why can't you stay on the ground

You're acting like a stranger  
Your fingerprints in danger  
'Cause I don't recognize you at all  
There's no face in the mirror  
Your image is the killer  
No I don't recognize you at all  
Your fingerprints are gone  
You're losing your heart  
You're fingerprints are gone  
You're falling apart

Put on your face and you hide every trace  
Of a girl that I've known for a while  
I'm still the same and I've  
Got the same name  
But I seem to be freaking you out

You did this on your own  
Not who I used to know  
You need to turn it around  
Put yourself on display  
I like you more that way  
Why can't you stay on the ground

You're acting like a stranger  
Your fingerprints in danger  
'Cause I don't recognize you at all  
There's no face in the mirror  
Your image is the killer  
No I don't recognize you at all  
Your fingerprints are gone  
You're losing your heart  
You're fingerprints are gone  
You're falling apart

You're heading for a destiny  
You're in this for infinity  
You're losing your identity  
And I hate to see you fade away  
You're heading for a destiny  
You're in this for infinity  
You're losing your identity  
And I hate to see you fade away

You're acting like a stranger  
Your fingerprints in danger  
'Cause I don't recognize you at all  
There's no face in the mirror  
Your image is the killer  
No I don't recognize you at all  
Your fingerprints are gone  
You're losing your heart  
You're fingerprints are gone  
You're falling apart  
You're fingerprints are gone
