What she order. Filet Mignon.
I'mma take you take you low make you come and I make you go.
Think you 'bout to go loose control.
Tell me something I didn't know.

I know what to do (I know I know).
Put these shades on you (you know you know.)
Got that feeling all night, got that feeling all night.

I got my shades on, you got your shades on, all day, all night long.
I'm flashy, I know, I'm flashy, she flashy you know we flashy.
Gotta get back we're so oh...
I got my shades on, you got your shades on, all day, all night long.
I'm flashy, I know, I'm flashy, she flashy you know we flashy.
Gotta get back we're so oh...

Got my shades on bad boy like Diddy.
Grab that ass.

Yeah, no really kind of like a big deal baby.
Got my own damn label that pays me what you know about that?
Go pass it on.
I'm in the club with my new sunglasses.

I know what to do (I know I know).
Put these shades on you (you know you know.)
Got that feeling all night, got that feeling all night.

I got my shades on, you got your shades on, all day, all night long.
I'm flashy, I know, I'm flashy, she flashy you know we flashy.
Gotta get back we're so oh...
I got my shades on, you got your shades on, all day, all night long.
I'm flashy, I know, I'm flashy, she flashy you know we flashy.
Gotta get back we're so oh...
