She got eyes like a tiger, tiger got a heart of a lion, lion she's hotter than fire, fire got me hooked with a la la la la la

Like cherry, cherry she's sweeter than candy, candy I ain't dumb but I'm ready, ready for a little bit of la la la la la

I've been around the world a lot of girls wanna get down with me still I can't wait till I return to the one that's meant for me

Spend a weekend in Paris already leaving Off to Miami high like a ceiling high like a ceiling

Spend a weekend in Paris
already leaving
Off to Miami
high from the feeling
I'm so high from the feeling

I got a girl from Sweden
I gotta, I gotta, I gotta girl from
I gotta, I got a a girl from Sweden
I gotta, I gotta, I gotta girl from
I gotta, I got a a girl from Sweden

Hey brother, brother listen up when I tell ya, tell ya she's not like the others, others got me drunk on her la la la la lave

It's funny, funny

I gotta make her my honey, honey
