

# Love is calling

Eric Saade

Bring my heartbeat back  
(You bring my heartbeat, bring my)  
Bring my heartbeat back  
(You bring my heartbeat, bring my)  
Bring my heartbeat back  
(You bring my heartbeat, bring my)  
Bring my heartbeat back  
(You bring my heartbeat)

I try to cut the roads  
But I wouldn't get the loans up  
We've been like this from the start  
It's been waiting for attention  
Just a little mention  
I don't do well in the dark

I can't live with you, no  
Can't live without you, no  
I'll never let you go  
It's uncontrollable  
'Cause my resistance's riding low  
Nowhere left to go  
I gotta open my heart

Because love is calling  
Brings my heartbeat back  
Brings my heartbeat ba-a-a-ack  
Love is calling  
Brings my heartbeat back  
Brings my heartbeat back  
We turn a fire flame, ending up in bed  
But there's something we always leave unsaid  
Love is calling  
Love is calling  
Brings my heartbeat back  
Brings my heartbeat ba-a-a-ack  
Heartbeat back, brings my heartbeat back-back

Put you on sideline  
If you were in prime time  
You would be back in my bed  
I'm constantly reminded  
No use in denying  
Can't get you out of my head

I can't live with you, though  
Can't live without you, no  
It's too emotional  
It's uncontrollable  
'Cause my resistance's riding low, low  
Time to let you know, know  
You bring me back from the dead

Because love is calling  
Brings my heartbeat back  
Brings my heartbeat ba-a-a-ack  
Love is calling

Brings my heartbeat back  
Brings my heartbeat back  
We turn a fire flame, ending up in bed  
But there's something we always leave unsaid  
Love is calling  
Love is calling  
Brings my heartbeat back  
Brings my heartbeat ba-a-a-ack  
Heartbeat back, brings my heartbeat back  
Heartbeat back  
Brings my heartbeat ba-a-a-ack  
Heartbeat back, brings my heartbeat back-back

I'm all up in your mind  
You kept your feelings inside  
You can't deny it no more  
I'm ready for a take down  
I will keep my guard down  
I'm never letting you go

Bring my heartbeat back  
(You bring my heartbeat, bring my)  
Bring my heartbeat back  
(You bring my heartbeat, bring my)  
Bring my heartbeat back  
(You bring my heartbeat, bring my)  
Bring my heartbeat back  
(You bring my heartbeat)

Because love is calling  
Brings my heartbeat back  
Brings my heartbeat ba-a-a-ack  
Love is calling  
Brings my heartbeat back  
Brings my heartbeat back  
We turn a fire flame, ending up in bed  
But there's something we always leave unsaid  
Love is calling  
(Because)  
Love is calling  
Brings my heartbeat back  
Brings my heartbeat ba-a-a-ack  
Heartbeat back, brings my heartbeat back-back  
Heartbeat back  
Brings my heartbeat ba-a-a-ack  
Heartbeat back, brings my heartbeat back-back
