

# Love In The Third Degree

Eric Woolfson

Turning out chic  
Seven days a week  
You want it, we got it  
In the limelight  
Six times a night  
You want it, you got it  
We are dream girls out of this world  
We can give you all you need  
We're on stage come rain or come shine  
Cause it's showtime  
Turning on heat  
Seven days a week  
You want it, we got it  
Working that beat  
No time for sleep  
You want it, you got it  
I am a woman out of control  
You must show me you're a man  
I am a tiger born to be wild  
You must gimme all you can  
And I'll burn you with love in the third degree  
Cause you're gonna catch fire if you boogie with me  
Love in the third degree  
Cause you're gonna get burned if you  
Boogie, boogie with me  
Boogie, boogie with me  
Slave to that beat  
Seven days a week  
You want it, we got it  
Chained to that rock  
On a catwalk  
You want it, you got it  
I am a woman born to be wild  
So just gimme all you can  
I'm gonna drive you out of your mind  
If you take it, take it, take it

Like a man  
And I'll burn you with love in the third degree  
Cause you're gonna catch fire, that's a guarantee  
Love in the third degree  
Cause you're gonna burned if you tango  
If you tango with me  
If you boogie, boogie-woogie with me  
If you monkey, if you monkey with me  
We are dream girls out of this world  
You must gimme all you can  
I am a woman born to be wild  
Can you take it like a man  
And I'll burn you with  
And I'll burn you with  
And I'll burn you with love in the third degree  
Cause you're playing with fire if you boogie with me  
Love in the third degree  
Cause you're gonna get burned if you tango with me  
You'll get love in the third degree  
And I'll satisfy you if you satisfy me

Love in the third degree  
And you'll incinerate if you  
Choochie, choochie, choochie with me  
If you boogie, boogie, boogie with me  
If you monkey, if you monkey with me  
If you tango, tango with me  
Boogie  
Boogie  
Boogie  
Boogie  
Boogie  
Boogie with me
