

## Medley

Eric Woolfson

And I'll burn you with  
And I'll burn you with  
And I'll burn you with love in the third degree  
Cause you're gonna catch fire if you boogie with me  
Love in the third degree  
Cause you're gonna get burned if you  
Tango with me  
Games people play, you take it or you leave it  
Thing that they say... honour brite

If I promised you the moon and stars would you believe it?  
Games people play in the middle of the night  
Love in the third degree  
Cause you're gonna catch fire if you boogie with me  
Love in the third degree  
Cause you're gonna get burned if you  
Tango  
With me
