

Who gave a fuck?
'Cause I don't
Yeah

Who gave a fuck, if they support or if they feelin' me?
Get out my section, I ain't messin' with your energy
And I'll be flexing yes it's 20 it ain't ten-ergy
If it ain't fake, then what is the industry?

Talk to me, I got dreams that live forever
I dream outta town, they won't let me do my thing
I'm readin' they mind, I get it
I kinda' love it, I can see in their eyes
I'm all they got (I'm all they got)

I see my momma cry
And I'll never see her cry again
When I turn 20, shit I swore I'll never lie again, I lied again
I'm 24 and shit I'm tired of-

Nigga I be spinnin' paper I'm not the only one who divin' in
Like what we doin' what the label gon' do?
Promoters book me with their partners, shit I'm claimin' their too
I need the bread before I come, if we on stage and two
Them bitches talked on my name and now they aimin' at you
Fuck, it's crazy

I'm better than you bitches, don't shame me
They think it's sweet 'cause I got money, I'm famous
But bitches are cute to say I'm up and I made it
They think it's sweet 'cause I got money, I'm famous
Bitches are cute to say I'm up and I made it
They think it's sweet 'cause I got money, I'm famous
But bitches are cute to say I'm up and I made it

Who gave a fuck, if they support or if they feelin' me?
Get out my section, I ain't messin' with your energy
