

All Of My Life

Erica Campbell

They wanna ask how long I'll be here
I say forever
Let's just be clear
Imma be loving you
All of my life for the rest of my life
I be loving you
All of my life for the rest of my life
Imma be loving ya

Everybody that's up in here
Throw your bless up so it's clear
Imma be loving you
All of my life for the rest of my life
I be loving you
All of my life for the rest of my life
Imma be loving ya

I just wanna show you that it's certain
With my hands up, I call it worship
Yeah I know it's real, yeah I know it's real
And I ain't gotta question how I feel

Gimme gimme gimme purpose
No I never ever nervous
Everything you say, believe Him
No I never ever leave Him
I ain't steppin down off this word
Imma keep this thang clear that's for sure

They wanna ask how long I'll be here
I say forever
Let's just be clear
Imma be loving you
All of my life for the rest of my life
I be loving you
All of my life for the rest of my life
Imma be loving ya

Now everybody that's up in here
Throw your bless up so it's clear
Imma be loving you
All of my life for the rest of my life
I be loving you
All of my life for the rest of my life
Imma be loving ya

I know how my God He feels the same about me
You could hear me tell it in my testimony
He's alright, you say
He's alright, trust in me
And we goin up
He gonna rain down victory
Everything that you need He can guarantee
Love that will make you whole, let it overflow
So here's where I'll be, I just gotta let you know

They wanna ask how long I'll be here

I say forever
Let's just be clear
Imma be loving you
All of my life for the rest of my life life
I be loving you
All of my life for the rest of my life
Imma be loving ya

Now everybody that's up in here
Throw your bless up so it's clear
Imma be loving you all
All of my life for the rest of my life life
All of my life for the rest of my life
Imma be loving ya

Neither the hurt neither the hate
Haaaa
Neither the time I gotta wait
Haaaa
Neither the death will separate
Haaaa
Never change my mind
Never from the love of God

They wanna ask how long I'll be here
I say forever
Let's just be clear
Imma be loving you
All of my life for the rest of my life
Imma be loving you all
All of my life for the rest of my life
Imma be loving ya

Everybody that's up in here
Throw your bless up so it's clear
Imma be loving you
All of my life for the rest of my life
Imma be loving you
All of my life for the rest of my life
Imma be loving ya
All of my life rest of my life
Imma be loving you yeah
All of my life for the rest of my life
Said I'll always be here
All of my life for the rest of my life
I ain't going nowhere
All of my life for the rest of my life
Ain't going nowhere
All of my life for the rest of my life
Ohhh forever
All of my life for the rest of my life
Love you Forever
All of my life rest of my life
Aye Forever
All of my life for the rest of my life
Loving you forever
