

I'm A Fan

Erica Campbell

Now I've been watching you for a long, long time now
And I stand in awe, of what you do and how you
Make creation look, like heavens coloring book
With golden sunshine, against the pale blue sky
Blankets of ocean, that know to stop at the sand
Mountains and valleys, that look like you carved them by hand

So let me be the first to say
In case you never heard
I'm a fan of your work

Your stars are like diamonds, worn on the angels hands
As they dance across the heaven, as only they can
A warm summer rain, as it falls from the sky
And a sweet, sweet little birdy, is just learning how to fly

You amaze me daily
I see your personal touch, on the things you love so much
So let me be the first to say
In case you never heard
I'm a fan of your work

The mirrors reflection
Everyday that I see
Each line, each wrinkle
That's unique to just me
Ten fingers, ten toes, two eyes, lips, and a nose
A masterpiece created, by the hands of the greatest

See you amaze me daily
I see your personal touch, on the things you love so much
So let me be the first to say
In case you never heard
I'm a fan of your work

See I've been following you
For a long, long time now
And I must admit you still blow my mind
