Ooh-ooh

Feelin' sure, feelin' clear, feelin' positive  
Feelin' free and complete from the love You give  
No, You won't ever leave me I'm positive  
Positive, yeah, I'm positive

Feelin' sure, feelin' clear, feelin' positive (Ooh-ooh)  
Feelin' free and complete from the love You give  
No, You won't ever leave me I'm positive (I'm positive)  
I'm positive (I'm positive), yeah, I'm positive

I know who I am, and I know who I'm not  
I know the difference between the two and it tells me a lot  
I know who's on the throne, on the throne of my life  
He tells me all the wrong lefts, and when to go right

He's a King, He's a God, He's the biggest  
He's the truth, He's the light, He's the realest  
When He tells me He loves me I feel it  
Ain't nobody on this earth that can steal it, so I'm

Feelin' sure, feelin' clear, feelin' positive (Said I'm feelin', feelin')  
Feelin' free and complete from the love You give  
No, You won't ever leave me I'm positive (I'm positive)  
Positive (Positive), yeah, I'm positive (Ooh-ooh)

Feelin' sure, feelin' clear, feelin' positive (Said I'm feelin' positive)  
Feelin' free and complete from the love You give (Oh)  
No, You won't ever leave me I'm positive (Is it positive?)  
I'm positive, yeah, I'm positive

Gonna focus on the good, let Him handle the rest  
I tried to fix my bad, I kept makin' a mess  
So I made up in my mind, smile more, stress less  
Gave it all to God, and He gave me a blessin'

He's a King, He's a God, He's the biggest  
He's the truth, He's the light, He's the realest  
When He tells me He loves me I feel it  
Ain't nobody on this earth that can steal it, so I'm

Feelin' sure, feelin' clear, feelin' positive (Said I'm feelin')  
Feelin' free and complete from the love You give (Yeah)  
No, You won't ever leave me I'm positive (Positive)  
Positive (Yes, I'm positive), yeah, I'm positive

Feelin' sure, feelin' clear, feelin' positive (I'm just a being)  
Feelin' free and complete from the love You give (I choose to be)  
No, You won't ever leave me I'm positive  
I'm positive, yeah, I'm positive

Aww, you think I'm 'bout to fail, naw  
That wall is just an obstacle, I'm 'bout to scale y'all  
A testament I got to tell faith I'm 'bout to flex on 'em  
Study for the test on 'em  
Positive my God can do the rest

He's a King, He's a God, He's the biggest  
He's the truth, He's the light, He's the realest  
When He tells me He loves me I feel it  
Ain't nobody on this earth that can steal it, so I'm

Feelin' sure, feelin' clear, feelin' positive (Said I'm feelin' positive)  
Feelin' free and complete from the love You give (I choose to be)
