

Kimj with the heat

Tired of thinking that I need you  
I found a different way to reach you  
Somehow I still can't get you out of my mind  
Yeah, I can laugh and I can cry  
You get mad, won't tell me why  
This back and forth, I don't even wanna try

Ayy, you fooled me twice, so it's shame on me  
Always tryna put the blame on me  
Baby, yeah, I'm tryna stay focused  
Going up, I think my net growing (Ayy)  
Switchin' it up, feelin' brand new  
Switch on my bro, what I can't do (Ayy)  
W's bitch, yeah, I can't lose  
I got two of 'em, baby, I can't choose

Walk in a bank with a big bag  
Textin' me tryna get his bitch back  
Sorry, bro, I already hit that  
Talk down on me, we gon' spin ba-back  
Keep my head down, gotta stay low  
Walk around town with a halo  
Get to the guap by the payload  
Heard her new man rocking fake clothes

Woke up to eight missed calls  
Don't wanna take you on  
Tell me what I did wrong  
Don't wanna wait too long, so  
Can't help myself, I'm just fucking shit up  
Never like basin' shit just off of luck  
AMG, roll up pressure in the truck  
Tryna move forward, I think that I'm stuck  
I'm with' kimj, get to chopping shit  
I want the bag, boy, I want all of it  
Spilled Hennessy all over my Prada kicks  
Bitch from the O suck my dick and she swallow it

I think you're the one for me (Oh-oh)  
I think you're the one for me (Oh, oh-oh)

Ayy, you fooled me twice, so it's shame on me  
Always tryna put the blame on me
