

Apart Of Me

ericdoa

Baby, come and lay on the low with me
I'm too fucked up at the pharmacy
Ecstasy, it startles me
Can you hang, you gave your heart to me
Caterpillar, that's how I fall asleep
Make sure you don't fall, I fall like leaves
Wanna go hard, it's all on me
Leave you in the woods, with apart of me
Baby, come and lay on the low with me
I'm too fucked up at the pharmacy
Ecstasy, it startles me
Can you hang, you gave your heart to me
Caterpillar, that's how I fall asleep
Make sure you don't fall, I fall like leaves
Wanna go hard, it's all on me
Leave you in the woods, with apart of me

Aye, tell me what you want from me
Feelings that I lost my grip, but you remain a part of me
I try to explain myself, but it's so fucking hard for me
Sip the only homie in sadness, wonder why you never talk to me
And it's true
Everything I do, I do it for you
Don't wanna make it so that you have to choose
Whatever happens, it comes right back to you

Baby, come and lay on the low with me
I'm too fucked up at the pharmacy
Ecstasy, it startles me
Can you hang, you gave your heart to me
Caterpillar, that's how I fall asleep
Make sure you don't fall, I fall like leaves
Wanna go hard, it's all on me
Leave you in the woods, with apart of me
Baby, come and lay on the low with me
I'm too fucked up at the pharmacy
Ecstasy, it startles me
Can you hang, you gave your heart to me
Caterpillar, that's how I fall asleep
Make sure you don't fall, I fall like leaves
Wanna go hard, it's all on me
Leave you in the woods, with apart of me

Got it all on me, I'm high as hell
Still don't give a fuck about you, I wish you well
I'ma keep your secret, don't kiss and tell
She a witch from a graveyard, cast that spell
Swear her vision's "That's So Raven"
When I'm with you, that's my safe haven
Fell so fast, man I wish I had patience
And a love so strong that I start to hate it
Start to hate it
Never hated you
Yeah, I start to hate it
Still had to see it through
Yeah, I start to hate it
We'll make it through

Yeah, I start to hate it
Never hated you

Baby, come and lay on the low with me
I'm too fucked up at the pharmacy
Ecstasy, it startles me
Can you hang, you gave your heart to me
Caterpillar, that's how I fall asleep
Make sure you don't fall, I fall like leaves
Wanna go hard, it's all on me
Leave you in the woods, with apart of me
Baby, come and lay on the low with me
I'm too fucked up at the pharmacy
Ecstasy, it startles me
Can you hang, you gave your heart to me
Caterpillar, that's how I fall asleep
Make sure you don't fall, I fall like leaves
Wanna go hard, it's all on me
Leave you in the woods, with apart of me
