

Glasear with the heat

Ayy, I feel like I'm going off the deep end  
Yeah, that bitch wanna fuck me every weekend  
Big boss, better shut up when I'm speaking, yeah (Yeah)  
The money what I'm seeking  
I just hope I'm someone you believe in

Say he gonna pull up on me soon, pussy, what it do?  
Ayy, hop inside the Cat, had to zoom, didn't have a clue  
Had to switch it up, baby, yeah, I'm doing something new  
You thought that shit wasn't going through, uh-oh, now you're screwed  
Homeboy, I'm with Kimj, he know that I make sure that my rent's paid  
You ain't got the bread, that's okay, meet me halfway  
I got no delay, running up the check up just like a relay  
He say, your bitch got me stuck up on the replay  
I know you're mad, push your buttons, baby, I know that you love it  
Yeah, I've been going straight up, shit happened all of a sudden  
Yeah, this a real tough game, yeah, I hope you got the stomach  
Man, fuck it

Ayy, I feel like I'm going off the deep end  
Yeah, that bitch wanna fuck me every weekend  
Big boss, better shut up when I'm speaking, yeah (Yeah)  
The money what I'm seeking  
I just hope I'm someone you believe in

Pulled me in too close, that's just how it goes  
Take piece of my soul, can't hurt me no more  
Lately, I've been feeling like everybody surrounding me  
I can't waste time, I'm hoping that you'll be proud of me  
Call me, get a dial tone, baby, I've been out of reach  
I don't wanna die alone, baby, come devour me  
All people I know copy then they paste it  
I see the same shit every day, man, I hate it  
Yeah, walk inside the function like, "What's up? ", you can't fuck with us  
Tryna to find a way to adjust but I think I'm stuck  
I feel my knees getting weak  
I know you're out of my league  
Revenge just taste so sweet  
Take time to work on me

Ayy, I know that I'll never change  
Ayy, I know that I feel the same  
Ayy, I know that I'll never change

Ayy, I feel like I'm going off the deep end  
Yeah, that bitch wanna fuck me every weekend  
Big boss, better shut up when I'm speaking, yeah (Yeah)  
The money what I'm seeking  
I just hope I'm someone you believe in
