

Walk inside the function, who wan' die tonight?
Out of sight, you out of mind
Fuck you, girl yeah I just might
Blowin' up, dynamite
Boy you must be out your mind
Tell you it's gon' be alright, tell me everything you find
Walk inside the function, who wan' die tonight?
Out of sight, you out of mind
Fuck you, girl yeah I just might
Blowin' up, dynamite
Boy you must be out your mind
Tell you it's gon' be alright, tell me everything you find

[?] on the gang
I can tell they do not value life
Don't know what to say
Copping moves just like a pantomime
Hug me like a parasite
No, you're not a friend of mine
[?] we got a terrabyte
[?] we creepin' in the streets, that shit is terrifying
Watch out where you walk at night
Target then you might just die
[?] is the better one, that's how I see it
Baby you can be my bride, got me like just keep it
In this whip, the way we swervin', got my niggas seasick
Go ahead and bring you friend, lil baby we can seam it
Me and eric eatin'
I know that you see it
Touch her like I'm preacher
These niggas students, I'm a teacher

Walk inside the function, who wan' die tonight?
Out of sight, you out of mind
Fuck you, girl yeah I just might
Blowin' up, dynamite
Boy you must be out your mind
Tell you it's gon' be alright, tell me everything you find

I can't fuck with non' these boys, I know they some fans
Stash the money in the mattress, that's a hundred grand
You get blown back, ay, lines in the sand
Metal fist, terrorist, glocky in my hand
Tell me what your life like
Stuck in the limelight
One fight, we all fight
The ACOG is dotted sight
Guarantee my dogs bite
Take off, looks like frostbite
That's the hoe you walk by (ay)
That money is all mine (ay)
Walk inside the party, who wan' die tonight? (ay)
