KimJ with the heat

You said that you hate me, I said likewise
You backtrack, hit my phone and send me heart eyes
Eyes bloodshot, baby, I've been up like all night, yeah, 'til s
unrise
Hop out the whip, I told you sit tight, cold like frostbite
You said that you hate me, I said likewise
You backtrack, hit my phone and send me heart eyes
Eyes bloodshot, baby, I've been up like all night, yeah, 'til s
unrise
Hop out the whip, I told you sit tight, cold like frostbite

Baby could you agree on something that we could do
I offered up but you gon' tell me that you're not in the mood
And after all we've been through
I know you feel like you're used
Baby, it's always been you (You, you, you)
Ayy, fuck that
I know we've been different, gave a fuck about a rough patch
Bullseye, I'ma hit his body just like KovaaK
That boy sold his soul, bitch, I'm hard just like some Cognac
Yeah, this so wack, you can hold that
Yeah, I'm shy, man, I'm turning up, bitch, I don't need no hype
man
Five bands, put 'em with the three that's in the nightstand
I do my money dance, I like money, man
Get off the plane, she asking when I land, your boyfriend a fan

Ayy, I think that you're mad because you wanna be
You caught me slippin' up, I think that you're onto me
You know I've heard it before
I'm walking straight through the door
I can't be hurt anymore

You said that you hate me, I said likewise
You backtrack, hit my phone and send me heart eyes
Eyes bloodshot, baby, I've been up like all night, yeah, 'til s
unrise
Hop out the whip, I told you sit tight, cold like frostbite
You said that you hate me, I said likewise
You backtrack, hit my phone and send me heart eyes
Eyes bloodshot, baby, I've been up like all night, yeah, 'til s
