

Umru said I'm cute, cute
You don't have to call me back if you don't want to
That's alright
Yeah, take care
Heh

Three bands on me
Walking 'round the store off a oxy
T-T-Take a picture, I'ma pose, paparazzi
I've been drinking, moving like a zombie
Three bands on me
Walking 'round the store off a oxy
T-T-Take a picture, I'ma pose, paparazzi
I've been drinking, moving like a zombie

She said, "Do you hate me?" (I don't know, maybe)
Serotonin got the cannon, I ain't talking 'bout the Navy
Simp off to a bitch, I know that nobody can save me
Roll up in a taxi, eyes getting hazy
I'm not for this I must admit, baby, I can't
I know that I can touch the sky, things that I can do
I've been feeling better ever since that we're through
And I project onto you, I have a feeling I'm screwed
DPK certified, boy, you not us
M-Money fall from the trees like it's sawdust
Hello, my name's Dante, I don't know where I popped up
Fuck, oh well
Baby, I'm a fighter, not a helper
Catch me posted with the welters
Yeah, I'm a fighter, not a helper
You catch me posted with the welters

Three bands, that's on me
Yeah, walking 'round the store off an oxy
T-T-Take a picture, I'ma pose, paparazzi
I've been drinking, moving like a zombie
Three bands, that's on me
Yeah, walking 'round the store off an oxy
T-T-Take a picture, I'ma pose, paparazzi
I've been drinking, moving like a zombie

Serotonin got the cannon, I ain't talking Navy
Simp off to a bitch, nobody can save me
Roll up to a taxi, eyes getting hazy
DPK certified, boy, you're not us
Money fall from a tree, yeah, just like sawdust
I'm in love with Dante ever since he popped up
I met him in New York, I was so starstruck

Three bands on me
Walk around the store off an oxy
I got Prada on my body, that shit's lovely
All these niggas moving mad, I think it's funny
Three bands on me
I'ma fly out to Sweden, shoutout to Noemi
Man, I hate when these niggas act like they know me
Baby love you, tell me that you love me

I'ma buy a crib, that shit 150K
And I'm chilling with dolly and we're swervin' in the Wraith
I just got a bag, put that shit inside a safe
If I don't make money then it's just a bad day
Got a lot on my mind but that shit don't even matter
All day, going up, and my pockets got fatter
I make music and I'm black, that's why they call me a rapper
I don't remember last night, man, that is just a blur

All night (All night)
Star bright (Star bright)
You forgot what the sunshine looks like (looks like)
Looks like
All night (All night)
Star bright (Star bright)
You forgot what the sunshine looks like (looks like)
Looks like, yeah

Lewis Grant, that's me
Everybody's late to the party
Big break and I'm barely alive
But I'm still dead like a zombie
Big break, big brain, no zombie
Flashlight dead, no head, no caller ID
Hands so red like I'm Dante
Sorry, wait no need for apology
I might drop some hits like Will Crooks
Dance so hard like jedwill's videos
In LA I miss Cartier and Adam
Umru said I'm cute but I'm hot and I'm handsome
This shit's too easy
I think I killed the beat like my name's Dylan Brady
Every day I wake up and it's fuck Chris Breezy
Stutter my shit like David

Baby, you know that I miss you, I wanna get with you
Tonight but I can't now baby girl and that's the issue
Girl you know I miss you, I just wanna kiss you
But I can't right now so baby, kiss me through the phone

Baby, I don't wanna do it on my own now
Buy the first ticket that I can and get you flown out
You call me back and I miss the speaker blown out
All that I can think about is kissing through the phone now

Three bands on me
Walking 'round the store off a oxy
T-T-Take a picture, I'ma pose, paparazzi
I've been drinking, moving like a zombie

If it's always gonna hurt
I don't want it anymore
You can cut it out my chest
Look there's already a hole
I won't even fight it
If you dig a little deeper
Warmin' up your body
With my tendons on your fingers
Rip it out take a bite now
Tell me how it tastes
To consume another life wow
But you're already gone
Layin' still in my bed

Bloody knife in my palm
Now that's rich
Daddy always said it'd be a bitch
Laughin' in my head my final breath is on my lips so
How come in my head you were Calypso
Now I'm nearly dead, another burner not a pistol
I don't wanna cry
It's not worth my time
Only minutes what it cost me
Rip my heart out, I was dead before you caught me

Hit my line late night when you tryna creep
I don't see you livin' wrong, you should right with me
I feel the vibe, dim the lights, all you see is me
I just see energy, I don't believe what they think
W-W-What do you mean you don't like me?
Fuck all your dreams, don't mean a thing
I'm the main one, two, and three
You don't know one thing about me and that's all G (yeah)
But I still bet on myself 'til the day I D-I-E
We gon' let you score then take the lead
This game ain't going OT
Got the home crowd jumpin' out they seats
N-N-Now they wanna refund
Hopefully y'all try better next season
Now you sayin' that I cheat sum
Better luck next time I hope you keep up
