

## one for the troops

Oh, if you're watching me (If you're watching me)  
Prop me off for show, girl, I'm your novelty  
You can pick my brain and teach me your philosophy  
Left my soul in this damn bottle  
I'll treat your words like it's all gospel  
I'll play nice but I won't grovel  
I built tall, watch it all topple

If I can change the way you feel  
Would you leave here with someone else? (Someone else)  
Someone else? (Someone else)  
And girl, I know that I gave you hell  
Would you take it from someone else? (Someone else)  
A someone else (A someone else)

Think I lost the plot (Think I lost the plot)  
Tongue is twisted, speak your language, girl, I'm a polyglot (Polyglot)  
Will it feel this way forever? Girl, I'd rather not  
But as long as you're here (As long as you're here)  
My spirit won't die (My spirit won't die)  
I'm surrounded by mistakes  
Give it one more try

We could have discussions, they honestly don't mean nothing for you (For you)  
Am I the way you saw me, when ain't nobody got nothing for you?  
(For you, you)

If I can change the way you feel  
Would you leave here with someone else? (Someone else)  
Someone else? (Someone else)  
And girl, I know that I gave you hell  
Would you take it from someone else? (Someone else)  
A someone else (A someone else)

And if I tell you the truth  
Girl, you'll love me better (You'll love me better)  
And if it's one for the troops  
Then maybe we should get together (Get together)

If I can change the way you feel (Way you feel)  
Would you leave here with someone else? (Someone else)  
Someone else? (Someone else)  
And girl, I know that I gave you hell (I gave you hell)  
Would you take it from someone else? (Someone else)  
A someone else (A someone else)
