

Baby, it's just me and you, so don't act surprised  
I can show you how we do it on the other side  
If you look into my soul, tell me what's inside  
I'm afraid of the truth, leave you horrified

I can show you how we do it on the other side

I'm afraid of the truth, leave you horrified  
Burn like peroxide  
Baby, it's just me and you, so don't act so surprised  
I can show you how we do it on the other side  
If you look into my soul, tell me what's inside  
I'm afraid of the truth, leave you horrified  
Burn like peroxide
