

# PHEROMONES

ericdoa

My feelings hiding my expression, so you never know  
Your presence changing my whole body from your pheromones  
I got a secret I can tell you, so I'll let you know  
You say I'm holding onto drugs, but I can't let it go  
My feelings hiding my expression, so you never know  
Your presence changing my whole body from your pheromones  
I got a secret I can tell you, so I'll let you know  
You say I'm holding onto drugs, but I can't let it go

Expensive garments on my body, they from Tokyo  
Ain't no drug inside the world that make you less alone  
I swear, this is just confusion that I can't control  
And I've been trying so hard to just keep composed  
But truth be told I've been hurting, thoughts of feeling worthless  
Look at me in the eyes, and tell me if I'm a burden  
Reach inside my soul and bring me back to the surface  
Can't even do the percs because them shits gon' make me nervous

My feelings hiding my expression, so you never know  
Your presence changing my whole body from your pheromones  
I got a secret I can tell you, so I'll let you know  
You say I'm holding onto drugs, but I can't let it go  
My feelings hiding my expression, so you never know  
Your presence changing my whole body from your pheromones  
I got a secret I can tell you, so I'll let you know  
You say I'm holding onto drugs, but I can't let it go

Stupid bitch I fucking hate you, Imma let you know  
Off the molly, I can feel it in my chromosomes  
She played my heart, and tried to lie and say I broke her bones  
I would never put my hands up on a fuckin' hoe  
That lying shit gon' get you caught up  
Baby I'm a rockstar, baby I'm a goddess  
I can see the future in my dreams like a prophet  
I can see the future in your eyes when we're talking  
I just a hit a stain and gave my bro the profit  
Pull up switchin lanes, they like: "Is that Kevin Kazi?"  
Bitch I'm DOA, kill myself like kamikaze  
Bust like DEA when she givin' me the sloppy

My feelings hiding my expression, so you never know  
Your presence changing my whole body from your pheromones  
I got a secret I can tell you, so I'll let you know  
You say I'm holding onto drugs, but I can't let it go  
My feelings hiding my expression, so you never know  
Your presence changing my whole body from your pheromones  
I got a secret I can tell you, so I'll let you know  
You say I'm holding onto drugs, but I can't let it go
