

Reassure

ericdoa

Ooh, oh. Ooh, ooh. (Wow!)

Not gon' lie, you been on my mind
Guilty pleasure baby, I want you to waste my time
I'm sippin' liquor, I hope that it wipe my mind
Reassure me baby, tell me it'll all be fine
But it's not
I know what you want
Always not
I know what you, uh

I feel like I'm fucking going crazy
I grabbed his [?] in my pain
It's not real bitch, I create it
Constantly fucking myself over
Asking people if they hate me
It's the people that support me
To my face they gon' berate me
And I'm sorry that I constantly throw shit at you
Music the only way I cope from the mental abuse
That I do to myself
[?] is harder when you're in hell

Not gon' lie, you been on my mind
Guilty pleasure baby, I want you to waste my time
I'm sippin' liquor, I hope that it wipe my mind
Reassure me baby, tell me it'll all be fine
But it's not
I know what you want
Always not
I know what you, uh

Fuck it, stay low
Moving still
Care bout y'all more than myself
Gotta focus on my health

DOA baby, I never lose it
You want something? Then you gotta go do it
Talk to me, bitch I've been through it
2020, we gon all go stupid
Sometimes it's so hard to fucking try
I hold back tears cause I won't cry
Try to protect yourself from lies
Sometimes the truth hides in disguise
But that's life
Angels hide inside plain sight
Don't be afraid to die
Never question why

Not gon' lie, you been on my mind
Guilty pleasure baby, I want you to waste my time
I'm sippin' liquor, I hope that it wipe my mind
Reassure me baby, tell me it'll all be fine
But it's not
I know what you want
Always not

I know what you, uh
