Talk to me
Come on, baby, won't you let me see?
All the shit you've done to f-

Throw a flare, we gon' meet back here
I've been told that love is war, I don't need no tears
Good to go, I'm strapped in
Call into control, ready for extraction
You know there ain't no respawn (Check, check, check, check)
Gun got a sensor, I can see him as a heat dot (Check, check, check, check)
Give me a signal, then he'll go missing (Check, check, check, check)
You're all that remains, finish the mission (Check, check)

I'm with my soldier, we deploy (Soldier, we deploy)
You're the last one left, search and destroy
Hope the suppressor kill the noise (Ah, ah)
I drown my cup to fill the void
I'm with my soldier, we deploy (Soldier, we deploy)
You're the last one left, search and destroy
Hope the suppressor kill the noise (Ah, ah)
I drown my cup to fill the void

It's a free-for-all
You wanna feast with the team, it ain't cheap at all
(Feast, f-f- Uh, ah)
I'm pulling on the rope, get the rest, it's time to go
I know a place where we can hide, a couple clicks right down the road
I gave them my soul, but they still treat me like a boy
My father always told me that a gun is not a toy
Got a little quiet, they're the ones we should avoid

I'm with my soldier, we deploy (Soldier, we deploy)
You're the last one left, search and destroy
Hope the suppressor kill the noise (Ah, ah)
I drown my cup to fill the void
I'm with my soldier, we deploy (Check, check, check, check)
You're the last one left, search and destroy (Check, check, check, check)
