

# the cake is a lie

ericdoa

Always been stubborn, if I die then I'm gon' die on this hill  
Huh, yes yes

There ain't no chemical imbalance you can fix with a pill  
So real

Try to keep my composure  
Stare at the clock just to peak when it's over

You would I think I control ya  
I can rework my soul for some decent exposure

Crisis averted, sweet nothings perfectly worded, I lied  
Think I deserved it, but baby, you've been perverting my mind  
Oh, you can't confirm it, but for you, I'd put my life on the line

Try to walk carefully, but terribly, the cake is a lie

Talk to a poltergeist, won't take my own advice  
Tried to open your mind, you don't know what you'll find  
Don't think I can take anymore, I'll hide my gun in the floor  
Please try and close your eyes  
The cake is a lie

Don't think I'll ever find a remedy for pain in my chest  
Over obsessive, take my pulse, so I can control my breath  
Darling, you can't save me now  
You can't save me now  
Try to drink but the well's dried out

Crisis averted sweet nothings perfectly worded, I lied  
Think I deserved it, but baby, you've been perverting my mind  
Oh, you can't confirm it, but for you, I'd put my life on the line  
Try to walk carefully, but terribly, the cake is a lie
