

# Like That

Erick Sermon

I'm stuck, sitting here gazing  
Man, her body's so amazing  
I love it when she walks like that (Yeah)  
I love it when she walks like that (Ooh)

In fact she got the rhythm of the beat, walking like a supermodel  
Body on coke bottle (Ay), love the way she throw it back  
I don't even know her name  
But I know my game gun is loaded  
Hey girl, you want it  
Acting like she wanna get it  
You're damn right the Doggy did it  
You can write it down and document it  
Bonafide real player, extraordinaire  
Smooth as silk, but slick like some baby hair  
Tell me something, why every time you walk by  
Even though I got my shades on, we still seeing eye to eye  
I wonder why, but then again I know it  
You got a nigga looking every time you show it  
Every time you shake it, every time you poke it out  
Now close your mouth and let your body talk (Woof)  
And Nate D.O. double G'll let you know what it's all about

I'm stuck, sitting here gazing (Ooh, yeah)  
Man, her body's so amazing  
I love it when she walks like that (Yeah)  
I love it when she walks like that (Like that nigga)  
Even though I came here with my lady  
Got me thinking 'bout misbehaving  
I love it when she dance like that (Yeah)  
I love it when she moves like that (Like that nigga)

Now we at the bar, I'm looking at that ass from afar (Uh)  
Walked over, put a drink on it  
Shit, if you want the Dogg, bitch, speak on it  
We stuck around for a brief moment  
Then I took her down to my beachfront  
Let me see something  
My God your body so amazing (Wow)  
While I'm sitting here blazing  
She might be Jamaican or a little Haitian  
But she ain't missing out, she misbehaving  
And I ain't kick her out, I spent a couple days in it  
Got her whole body shaking like I'm tasing it  
Gave the bitch what she begging for  
She kept a night bag next to the door (What?)  
Duly noted, you be on it, kiss this dick, you can hold it  
She like that's what's up, I'm like oh fuck

I'm stuck, sitting here gazing (Ooh, yeah)  
Man, her body's so amazing (Wow)  
I love it when she walks like that (Like that)  
I love it when she walks like that (Like that nigga)  
Even though I came here with my lady (Ooh, yeah)  
Got me thinking 'bout misbehaving  
I love it when she dance like that (Baby, I ain't done)  
I love it when she moves like that (Like that nigga)

Oh baby look at you, looking like you do  
You make me say woo woo woo (Woo woo woo)  
Oh baby look at you, looking like you do  
You make me say woo woo woo (Woo woo woo)  
To where I can't get my eyes off you (Like that)

I'm stuck, sitting here gazing (Ooh, yeah)  
Man, her body's so amazing  
I love it when she walks like that (Like that)  
I love it when she walks like that (Like that now)  
Even though I came here with my lady  
Got me thinking 'bout misbehaving  
I love it when she dance like that (I like that)
