

Pimp Gators (Skit)

Erick Sermon

Uh, i-i-
it seems to me that everybody on here is talkin' about duos
And, and I-
I respect all the duos that, that have been mentioned
But I, how-
how can you not have the most dynamic of all duos represented?
And-and I'm-I'm talkin' about a pimp and his alligators
I've never seen a pimp without his alligators
It's, it's preposterous
Give us our flowers while we can smell 'em, huh?
It's the most dynamic of all duos
Is a pimp and his alligators
Understand that, please
And please understand me
Relax your mind and let your conscious be free
Get down to the sounds of the P-I-M-P
And I'm gone
