

# ABC

Erik Hassle

Take your time and eventually  
With a teacher like me  
And you learn everything you need  
With a teacher like me  
And we work from the bottom up  
With your favourite song  
And you learn every right from wrong  
By your favourite song

ABC, lay your hands on a boy like me  
Obviously, you got a thing for boys like me  
I'm leaving all decisions up to you  
I'm not the one to tell you what to do  
I'm leaving it completely up to you  
But don't forget your elementary  
ABC, you need a boy like me

We're right in the middle now  
Of our favourite song  
And this time nothing should go wrong  
It's your favourite song  
This is all repetition now  
We'll just do it again  
And by heart this time  
Uhh and then let's do it again

ABC, lay your hands on a boy like me  
Obviously, you got a thing for boys like me  
I'm leaving all decisions up to you  
I'm not the one to tell you what to do  
I'm leaving it completely up to you  
But don't forget your elementary  
ABC, you need a boy like me

You're gonna learn to like it  
Oh you're gonna learn to like it  
You're gonna learn to like it  
Oh you're gonna learn to like it  
You're gonna learn to like it  
Oh you're gonna learn to like it  
You're gonna learn to like it  
Oh you're gonna learn to like it

ABC, lay your hands on a boy like me  
Obviously, you got a thing for boys like me  
I'm leaving all decisions up to you  
I'm not the one to tell you what to do  
I'm leaving it completely up to you  
But don't forget your elementary  
ABC, you need a boy like me  
Boy like me
