

Let me take you on a trip
Round the world and back
Everything disappears
The way you movin', baby

Do me a favour, stay in this moment
All that was shattered, all that was broken
Is coming together, by intervention
Oh, don't be scared, right here
Do me a favour, stay in this moment
Once I was shattered, once you were broken
We're coming together
Oh, don't be scared
I know, I'm right here

Kissing your scars, softly
Watching you heal, slowly
Fuck the pain away
Fuck the pain away
Ooh, let me do that for you
Please let me do that for you
Fuck the pain away
Fuck the pain away

Let me show you what I've got
To give to you
Let your body do the talking
I'll be listening, I'll be listening

Do me a favour, stay in this moment
All that was shattered, all that was broken
Is coming together, by intervention
Oh, don't be scared, right here
Do me a favour, stay in this moment
Once I was shattered, once you were broken
We're coming together
Oh, don't be scared
I know, I'm right here

Kissing your scars, softly
Watching you heal, slowly
Fuck the pain away
Fuck the pain away
Ooh, let me do that for you
Please let me do that for you
Fuck the pain away
Fuck the pain away

I know it, hurts, hurts
I know it, yeah
I know it, ooh yeah baby
Ooh yeah baby
It wasn't me

Kissing your scars, softly
Watching you heal, slowly
Fuck the pain away

Fuck the pain away
Ooh, let me do that for you
Please let me do that for you
Fuck the pain away
Fuck the pain away
