

## Make It In Time

Erik Hassle

Babe I hate to say there's been a change of plans  
With Christmas coming up I'm glad you understand  
I know I told you dinner, wine and candlelight  
But babe I'm at this party, well you know the guys  
Why don't we postpone, I won't make it home in time  
Many moons have come and gone  
The same old dance, the same old song  
The road I'm on, it keeps on turning  
How could I have known, I won't make it home in time  
I know the 17th's our anniversary  
But there's been an emergency at work you see  
Don't hang up the phone, I will make it home in time  
How' you hanging in there, did you call your friends?  
I'll be there like I promised, I just don't know when  
Please don't [?] I will make it home in time  
Many moons have come and gone  
The same old dance, the same old song  
The road I'm on, it keeps on turning  
How could I have known, I won't make it home in time  
I tried to call you just the other day  
Someone else picked up, I heard a voice say  
"Sorry but she's gone, you won't make it home in time"  
Might not make it in time! [x6]  
Might not make it... [x2]  
Might not make it in time! [x3]
