

Minnesota

Erik Hassle

You going with him to Minnesota
Why you wanna go to Minnesota?
You going with him to Minnesota
Why you wanna go?

Its been a year now since the party
I know I made a big mistake
Did I leave you brokenhearted?
How could I let you slip away
When I saw you tonight
It all came back to life
But then you turned around and kiss him

Hey, is that the one you love
The one you run to when everything falls apart, hey
When you walk away
You make the world cry
'Cause there ain't nobody like me
And there ain't nobody like you
I know you believe me
'Cause nobody can love like us
Ain't nobody loving like us, baby

Last night I ran into your sister
She said you talk about me still
It might be you even miss me
Nah, its too late for that

You going with him to Minnesota
Why you wanna go to Minnesota?
You going with him to Minnesota
Why you wanna go?

Hey, is that the one you love
The one you run to when everything falls apart, hey
When you walk away
You make the world cry
'Cause there ain't nobody like me
And there ain't nobody like you
I know you believe it
'Cause nobody can love like us
Ain't nobody loving like us, baby

You going with him in Minnesota
Why you wanna go to Minnesota?
You going with him in Minnesota
Why you wanna go to?
