

Christmas - A Time to Love

Erik Santos

No more roar
No more hunger
No more pain
No more soul
No more tears that's what I'm dreaming of
It's time for us to live
With more love
With more given
With more joy
And thanksgiving
That's what the world needs now to live
Call to heaven and will receive

Christmas is a time to love
Hope is gone and down from heaven
Christmas is a time to love
No more pain and no more hurting
It's the right time for loving and giving of faith
Spread around's of love and goes
Christmas is a time to love

Hand and hand
Stand together
Heart to heart
Cherish one another
Let's no share the love this given hearts
Send from earth above
Gift more love
Gift more joy
None to him of your thanksgiving
What the world needs now is love
Send from earth above

Christmas is a time to love
Hope is gone and down from heaven oh
Christmas is a time to love
No more pain and no more hurting
It's the right time for loving and giving of faith
Spread around's of love and goes
Christmas is a time to love...

Christmas is a time to love
Hope is gone and down from heaven
Christmas is a time to love
No more pain no more hurting
It's the right time for loving and giving of faith
Spread around's of love and goes
Christmas is a time to love time to love

Christmas is a time to love
Hope is gone and down from heaven oh
Christmas is a time to love
No more pain and no more hurting
It's the right time for loving and giving of faith
Spread around's of love and goes
Christmas is a time to love...
Spread around's of love and goes

Christmas is a time to love
