

Conscience

Erika Costell

Baby, you got a way with your words
Oh, you know exactly how to hurt me
Cut me just like a knife, hit me like lightning strikes
Oh, you got a way with your words
Oh, you got a thing with what you say
You know exactly where to break me
You love to do it, it's a game
I know that you were cruel, but it's more than I can take

And I'm falling on my knees
And I'm breaking at the seams
'Cause I still want to believe
I really need to know if, I really need to know if

You ever had a conscience?
Did you ever really want this?
Baby, can you just be honest?
'Cause if you loved me, it wouldn't be like this
Do you have a conscience?
Do you have a conscience?

Baby, I hope you know these times I feel
Like I'm still right there beside you
You're still the only one I really ever loved
Oh, we both know that it was real
Oh, I've been lying to say I'm fine
That I don't think about the good times
I'm wondering if you feel the same
'Cause I drive myself insane, thinking about the day you changed

Do you have a conscience?
Did you ever really want this?
Baby, can you just be honest?
'Cause if you loved me, it wouldn't be like this
Do you have a conscience?
Do you have a conscience?

And I'm trying, I'm trying, I'm tryna not think 'bout why
We both know that I'm the only one for you
You're the only one for me, it's true
And I'm trying, I'm trying, I'm tryna not think 'bout why
We both know that I'm the only one for you
You're the only one for me, it's true

Conscience, do you have a conscience?
You're the only one for me, it's true
And I'm trying, I'm trying, I'm tryna not think 'bout why
We both know that I'm the only one for you
You're the only one for me, it's true
Do you have a conscience?
Do you have a conscience?
