

Moan

Erika De Casier

If you wanna know, I've
Been dealing with a heavy heart
Slowly getting better, I've
Learned to see the bright side
Healing from it takes time
And I know myself better now
I just wanna let it go, I
Wanna have you in my arms tonight

Kiss you
Hold me
Let's just
Make
Love
(Love, love, love)
Build trust (Trust me, trust me, trust me, trust me)
See eye to eye (See what I see, see what I see, see what I see)
Listen closely (To what I say, to what I say, to what I say)
Live wholeheartedly (Wholeheartedly)
