

Test It

Erika De Casier

Huh, woo
Woo
Woo

You wanna test it, baby
Before you buy the whole store
I get you, why you'd wanna do that
Matter of fact, let me give you a sample to take home
You want it your way (Ah), 24/7 open
No need for no lock
I know you came here to shop
I get it, it's okay

Can't wait till I get off tonight
Keep looking at the clock, tick-tock, I'm
Going straight home to yours, that's right (That's right)
I mean, I-I just want one bite (Mmm)
Can't stay, I got an early morning
Gotta make enough to live and I'm on it
Nine-to-five, I'm at yours at 6
Work, you, sleep and repeat and that's it (That's it)

You're shopping for somebody
'Til you find someone you like
Return if you don't like it
Yeah, you got it all figured out

You wanna test it, baby

And that's it
That's it
And that's it
