

# GOOD

Erin McCarley

Sitting on my hands  
In the bed  
In the car  
In my heart  
Standing on the stage  
Howling quiet  
Like a wolf in the dark

I've been stung  
All this chemistry has got me falling  
I'll be alright  
I'm definitely high  
G-g-g-good  
G-g-g-good

I've got scissors in my hand  
I take a shot  
Cut a lock  
I can't stop  
But I'm done pretending  
I'm not gonna behave

I've been stung  
All this chemistry has got me falling  
I'll be alright  
I'm definitely high  
G-g-g-good  
G-g-g-good, good, good

Shaken off the edge  
What a night  
Gonna bite  
I'm on fire

I've been stung  
All this chemistry has got me falling  
I'm definitely high  
I'm definitely high  
I'm definitely  
Definitely high  
Definitely high
