

Green Light

Ernest Tubb

I turn your hole card upside down
I caught you cheatin' and runnin' around
There's a smile upon your face
For another takes my place
And now at last dear the truth I'd found

Babe, there's a green light you're free to go
You'll take a high road I'll take the low
Now here's your coat and shoes
And don't forget your blues
You're on canoe now you'll have to row

Babe, there's a green light so shift your gear
I know you fooled me for all these years
I'll hold my head up high
And forget you by and by
And there'll be laughter instead of tears

Babe, there's a green light kick up your heels
There'll come a day you know how it feels
To have your aces trump
And be taken for a chump
Now there's a green light so spin your wheels

Babe, there's a green light kick up your heels
There'll come a day you know how it feels
To have your aces trump
And be taken for a chump
Now there's a green light so spin your wheels
