

I'm Living In Sunshine

Ernest Tubb

You bring me sunshine beautiful sunshine I'm living in sunshine
when I'm with you
Oh how I've missed you since you've been gone lonely nights and
dark clouds all day long
Standin' by my window watchin' it rain when I pop the rainbow a
nd in you came
You bring me sunshine beautiful sunshine I'm living in sunshine
when I'm with you
You bring me sunshine beautiful sunshine I'm living in sunshine
when I'm with you
I get so lonely while you are gone and while I'm waiting it see
ms so long
You take my sunshine away with you but when you come back my sk
ies turn blue
You bring me sunshine beautiful sunshine I'm living in sunshine
when I'm with you
I'm living in sunshine when I'm with you
