

# One Sweet Hello

**Ernest Tubb**

One sweet hello and one sad goodbye  
Two empty arms and these lonely nights to cry  
Together is was heaven but how quickly time did fly  
With one sweet hello and one sad goodbye

These precious mem'ries linger on haunting my mind since you're  
gone  
These little things between us that really have no ties  
Are all we had together and all we realize  
Was one sweet hello...
