

This Troubled Mind O' Mine

Ernest Tubb

There's gonna be some changin' 'round
Baby, you've done left me down
You've done trifled on me
Your last time you know

It just ain't right
When I come home you start a fight
Don't leave you
At least this trouble mind o'mine

Now baby
I want you to know
You left your motor runnin' slow
I got off got on a faster line

Got me a baby that's got some sense
Cuttin' in at joy expense
Don't leave you
At least this trouble mind o'mine

There's no use to talk to you
'Cause I know we're really through
I can find a better way
To spend my time

So if I should stay out late you know
Been swingin' on other gate
Don't leave you
At least this trouble mind o'mine

Now baby
I want you to know
You left your motor runnin' slow
I got off got on a faster line

Got me a baby that's got some sense
Cuttin' in at joy expense
Don't leave you
At least this trouble mind o'mine
