

Bad Boy

ERNEST

Girl, I'm a wild one
I make some reckless moves
But I laid down for you
Nothing but my necklace and shoes
And I know that you're a good girl
But you got a little devil inside
And I knew that you would, girl
I felt that fire for miles

So, baby, come over
And just let me hold you
I'll be your Hova
And you'll be my Bey
Baby, I'm gonna love you
Girl, you're gonna see
I swear your lovin' makes a good man out the bad boy in me
Doo-doo-doo-doo-doo-doo-doo-doo-doo
Your lovin' makes a good man out the bad boy in me

I'm a sucker for you and I'm a fiend for your kisses
I fucking loved it when you dropped me them digits
I'm all about you like a freaking fanatic
And I never had it how I get it when you give it
Girl, this should be like static
You got me rappin' like
I ain't got a brain when we, in the dark
I could rock your body slow, I could rock your shit hard

So, baby, come over
And just let me hold you
I'll be your Hova
And you'll be my Bey
Baby, I'm gonna love you
Girl, you're gonna see
I swear your lovin' makes a good man out the bad boy in me
Doo-doo-doo-doo-doo-doo-doo-doo-doo
Your lovin' makes a good man out the bad boy in me

Hold up, I got one more thing to say
You got me rappin' like
I ain't got a brain when we, in the dark
I could rock your body slow, I could rock your shit hard

So, baby, come over
And just let me hold you
I'll be your Hova
And you'll be my Bey
Baby, I'm gonna love you
Girl, you're gonna see
I swear your lovin' makes a good man out the bad boy in me
Doo-doo-doo-doo-doo-doo-doo-doo-doo
Your lovin' makes a good man out the bad boy in me
