# How'd We Get Here

**ERNEST**

Hey darlin', look at us here having ourself a big time
You've put a little sunshine in this beat up heart of mine
Seems like yesterday two strangers spinning 'round the sun
Now these strangers out here makin' plans for any kind of fun

"How'd we get here?", you ask
Ain't like we were using us some glove-box paper map
Just a couple thoughts and wondered after one too many laughs
Maybe an appearance in a dream
But that's the only reason I can think
We'd be where we are
Talkin' 'bout the moon and how it wound up with the stars
Nah, we ain't gettin' lost 'cause we ain't really gone that far
"How'd we get here?", you ask

Well, it's funny, if you think about it, how out of the blue
'Til now just doing circles, not one single thought of you
Then I let myself go down that damned old 'what if' lane
Sometimes it feels like it's been said but we ain't said a thin
g

"How'd we get here?", you ask
Ain't like we were using us some glove-box paper map
Just a couple thoughts and wondered after one too many laughs
Maybe an appearance in a dream
But that's the only reason I can think
We'd be where we are

Nah, we ain't gettin' lost 'cause we ain't really gone that far
"How'd we get here?", you ask

Ah, somebody tell 'em

"How'd we get here?", you ask

Just a couple thoughts and wondered after one too many laughs
Maybe an appearance in a dream
But that's the only reason I can think
We'd be where we are
