

Life Goes On

ERNEST

Don't go raisin' too much hell
Praying prayers you can't un-pray
Telling lies you can't un-tell
And breaking hearts you can't un-break
Try leaning on someone else when you're going through something
Hey, and you ain't by yourself, nah we're all running from something

Look around, take it slow
Let it come, let it go
And it ain't long until it's gone
Life ain't fair but life goes on
So pour it up, take it in
Make it count, make amends
'Cause now it's here, and then it's gone
Life ain't fair but life goes on
Life goes on and on and on and on

You gotta move on when you lose
And keep on if you won
It sounds simple enough to do
But it's easier said than done
Gotta keep your head up, windows down
Go see the world, but don't forget your hometown
And I'm doing all right right now
But I'd be a lot better if I figured out how to

Look around, take it slow
Let it come, let it go
And it ain't long until it's gone
Life ain't fair but life goes on
So pour it up, take it in
Make it count, make amends
'Cause now it's here, and then it's gone
Life ain't fair but life goes on, yeah
Life goes on and on and on and on

Two lanes could take you anywhere
A lot of turns and curves between here and there
I ain't nobody, I ain't tryna preach
I'm just telling y'all what life's been telling me

To look around, take it slow
Let it come, let it go
And it ain't long until it's gone
Life ain't fair but life goes on
So pour it up, take it in
Make it count, make amends
'Cause now it's here, and then it's gone
Life ain't fair but life goes on, yeah
Oh, life goes on and on and on and on

Yeah, life goes on
