

One More Heartache

ERNEST

I got one more heartache in me
One more not so happy ending
One more love me just to leave me
One more 'done' from the beginning
Take me home tonight, and do me right
Then do me wrong
I got one more heartache in me
Well, baby, bring it on

Well, I knew just as sure as I walked in here what would happen
I'd see you and you'd see me, then we'd be back in action

And here we go again

I got one more heartache in me
One more not so happy ending
One more love me just to leave me
One more 'done' from the beginning
Take me home tonight and do me right
Then do me wrong
I got one more heartache in me
Well, baby, bring it on

Oh, it ain't nothing new, girl, no, this happens all the time
Neon and tequila leads to staying up all night

And here we go again
Mm, all of this trouble we get in

I got one more heartache in me
One more not so happy ending
One more love me just to leave me
One more 'done' from the beginning
Take me home tonight and do me right
Then do me wrong
I got one more heartache in me
Well, baby, bring it on

If I wasn't sad and lonely
I don't know what I'd do
Oh but looking in your eyes, girl
I don't mind being blue

I got one more heartache in me
One more not so happy ending
One more love me just to leave me
One more 'done' from the beginning
Take me home tonight and do me right
Then do me wrong
I got one more heartache in me
Well, baby, bring it on
