

Redneck Shittt

ERNEST

Yeah, look

We are doing redneck shit
It's just how all us rednecks get
When we get around other rednecks

Yeah, we're doing redneck shit at the Bass Pro
Larry got a shotgun, MO got a bass boat
And wait, Hardy just pulled up in a backhoe?
I really don't know

Then we're at a bonfire burning up truck tires
Yeah, your truck's tall, that's true, but my truck's higher
We're out here looking like a white trash church choir
Howling at the moon

Doing redneck shit
It's just how all us rednecks get
When we get around other rednecks
Out where rednecks live
Y'all, it ain't my fault
There ain't no asphalt
Way out here in the sticks
Just a bunch of redneck shit
Redneck shit, yeah

Okay, I think I met the Duke girl, she was wearing daisies
She only had two beers, but she was acting crazy
She slid across the hood of my car
Walked right into that bar and ordered eight more
She got out on the dance floor, broke a pool stick
Out came her accent, yeah, she lost her cool quick
I kinda like it though, it's kinda hot
Matter of fact, I like it a lot
When

She does redneck shit
It's just how all us rednecks get
When we get around other rednecks
Out where rednecks live
Y'all, it ain't my fault
There ain't no asphalt
Way out here in the sticks
It's just some redneck shit

Ha-ha, hey, hold my beer real quick
Redneck shit

Yeah, we parked out in a holler, sitting in a mud pit
Half of y'all are finished, and none of us are done yet
We work hard for our dollar, then holler at the sunset
Yeah, we've been drinking all day
But none of us are drunk yet
How?

Just doing redneck shit
That's just how us rednecks get

When we get around a bunch of rednecks
Out where rednecks live
Y'all, it ain't my fault
There ain't no asphalt
Way out here in the sticks
It's just some redneck shit
Just a bunch of redneck shit
We just some rednecks, shit

We're going to Loser's
