

# Trouble With Us

ERNEST

We only feel it when we make up  
But we know it gets harder to feel it and break up  
To every single word, word, word, word, word  
It only makes it worse, worse, worse, worse  
'Cause you know I want it bad, bad, bad, bad, bad  
I just can't keep going round, round like that

The trouble with us babe  
Is that we're only fooling around  
The trouble with us baby  
Is that we're so fucked up right now  
Can you say it, say it, say it, say it  
Can you say it, say it, no...  
The trouble with us, hey  
Is that we're only fooling around

We ain't seen each other in a minute now  
Got me really wishing I was in it now  
And when I'm in it's always in and out  
But I always hit you when I get in town, when I get in town  
Look, the trouble with us when we wipe again  
It's fucked up but I can't pretend  
That I don't love what we getting in  
Think that we might me gone  
Think that we might be, might be gone

The trouble with us babe  
Is that we're only fooling around  
The trouble with us baby  
Is that we're so fucked up right now  
Can you say it, say it, say it, say it  
Can you say it, say it, no...  
The trouble with us, hey  
Is that we're only fooling around

And I think you should know  
We can do more than just fooling around  
We playing too much, staying dressed cause I'm loving that touch  
Or do you just want to go through the night  
Girl you know that's the truth

The trouble with us babe  
Is that we're only fooling around  
The trouble with us baby  
Is that we're so fucked up right now  
Can you say it, say it, say it, say it  
Can you say it, say it, no...  
The trouble with us, hey  
Is that we're only fooling around
