

# Come Home To Me

Ernie Halter

Come home to me  
Come home to me  
Back into my arms  
Home where you belong  
Come home to me  
Come home to me  
If home is where you are  
Then home is way too far away

TV light of blue and white  
Just can't fall asleep at night  
Move over to the space where you should be  
Even half way seem so far  
Over mountains and diamond stars  
Everybody has their own way home

Come home to me  
Come home to me  
Back into my arms  
Home where you belong  
Come home to me  
Come home to me  
If home is where you are  
Home is way too far away

All my life I've dreamed of love  
Never thought it would hurt this much  
To kiss goodbye and wait for your return  
So I'll be strong and hold on to  
A picture and a thought of you  
Getting all the love that you deserve

So come home to me  
Come home to me  
Back into my arms  
Home where you belong  
Come home to me  
Come home to me  
If home is where you are  
Home is way too far away

If home is where you are  
Then home is way too far away
