

# Lisa

Ernie Halter

I met a girl out on the board walk  
She had a smile  
Left me awestruck  
And if I'm dreaming man I hope nobody wakes me up  
Before my dream gets good

Thought I needed some 911 out on the boardwalk  
I'm feeling love shock  
I thought my heart stopped  
Like an old romantic movie everything was in slow motion  
That's when I fell to the ocean

When she walks on the sand  
I swear her feet don't touch the ground  
Is there something in her smile  
Makes it all worth the while

I met a girl I kissed a girl  
Her name is Lisa  
Like Mona Lisa  
Her name is Lisa

And on the way home all I could think about was Lisa  
Like Mona Lisa  
Her name is Lisa

-Spanish bit-  
Aunque tu me has dejado en el abandono  
Aunque ya has muerto todas mis ilusiones  
En vez de maldecirte con justo encono  
En mi sueños te colmo, en mis sueños te colmo  
De bendiciones

When she walks on the sand  
I swear her feet don't touch the ground  
Is there something in her smile  
Makes it all worth while

I met a girl, I kissed a girl, I loved a girl  
Her name is Lisa  
Like Mona Lisa  
Her name is Lisa

And on the way home all I could think about was Lisa  
Like Mona Lisa  
Her name is Lisa  
Like Mona Lisa  
Her name is Lisa  
Like Mona Lisa  
Her name is Lisa
