

# This Beautiful Ache

Ernie Halter

## Verse I

I tried everything I could think of  
No distraction could make this feeling end  
But if I could go back  
I wouldn't change a thing  
I'd love you all over again

## Chorus

Nothing could take away  
Nothing could take away  
Nothing could take away  
This beautiful ache  
This beautiful ache

## Verse II

Your memory is all I have to hold on to  
Our yesterday will not let me go  
But if I could go back  
I wouldn't change a thing  
I'd love you all over again

Chorus X2
